Protein Extraction Solution (RIPA)

Product	Volume	Cat. No.
Protein Extraction Solution (RIPA)	100 ml	EBA-1149

Description.

Elpis Biotech's Protein Extraction Solution (RIPA) is suitable for use in total protein extraction from tissues or cultured cells. Protein extraction solution is tested to ensure quality and consistency.

Composition

50 mM Tris-HCl, pH 7.5, 150 mM NaCl, 1% NP-40, 0.5% DOC (deoxycholic acid), 0.1% SDS, 1 mM PMSF

Recommended Storage Condition

Store at room temperature
Avoid prolonged exposure to the air

Usage Information (applications)

Total protein extraction from tissues
Total protein extraction from cultured cells
Premixed protein extraction solution from tissues or cultured cells for SDS-PAGE, and western analysis

Caution

Not for diagnostic use. The safety and efficacy of this product in diagnostic or other clinical uses has not been established.
